## Partner Portal

### *Your Digital Gateway to Diesel Technic*

Information and Procurement – All in One Place

The **Partner Portal** is Diesel Technic's central information and eCommerce procurement platform. You, as a distribution partner, gain 24/7 access to over 45,000 automotive parts and accessories from the DT Spare Parts brand.

### *Your Benefits at a Glance*

- ✓ **24/7 Access:** Always-available access to the complete product and information offering
- ✓ **Efficient Product Search:** Quick identification through article, OE/OEM reference, and competitor numbers
- ✓ **Detailed Product Information:** Comprehensive data, high-quality images (including 360° views), and application notes
- ✓ **Availability Display:** Real-time information on stock levels in regional warehouses
- ✓ **Ordering and Inquiry Functions:** Online orders, collective inquiries, and CSV upload for bulk orders
- ✓ **Service Center:** All information on orders, delivery status, and aftersales services in one place
- ✓ **Document Management:** Download invoices, delivery notes, and other business documents
- ✓ **User Management:** Administration of user rights and approval workflows for purchasers
- ✓ **Direct Purchase Options:** Links to connected online shops or websites of distribution partners, even before login

**Partner Portal – for Efficient Spare Parts Procurement and Customer Information.**
